

God Unveiled -Exodus 19:10-25

To meet God means we must reorder our view of reality

1. There is a God

- How do you think you would feel if you were at the foot of Mt. Sinai?
- In what ways have you heard God speak and have seen God act?
- How should we be different since hearing and seeing God?

2. You are not Him

- How can we act like we are in a higher category than we really are?
- What is the danger of this?
- How can we keep ourselves in a position of humility?

3. He is different than you

- How do we make God appear less than He is?
- Think and share some ways God is different than our kind
- How can we maintain the viewpoint of the uniqueness of God?
