

## **Fellowship with God -Exodus 24:1-12**

God wants to have fellowship with us since...

### **1. He invites us to fellowship with Him**

An invitation based on His grace

An invitation based on His choice

- What does it do to our view of God when we think of grace?
- What does it do to our view of ourselves when we think of choice?

### **2. He prepares us to fellowship with Him**

By blood

By blood applied

- Why do many have trouble with the concept of blood sacrifice?
- How should we respond to His blood applied to us?

### **3. He makes Himself available for fellowship**

He is available to you

He is available in person

- What are the advantages of God being available at any time?
- How can we honor Him when we are “in His presence?”
