

Is it commanded or forbidden by Scripture? (2 Timothy 3:16-17)

Ice Breaker: If you had a time machine, would you go back to the past or would you go to the future?

1. What if Scripture doesn't align with my happiness? Doesn't God want me to be happy?
2. How do we know if we have followed/or are following God's will for our life?
3. Who should we be seeking when trying to find someone to help us discover God's will?
4. How is the Bible still relevant in answering questions we have about God's will in today's culture? Explain

Bottom line: God gave us His Word as a guide for our lives and His will for us will never contradict Scripture.
